

### **Additional Zoom Tips . . .**

It is suggested for a better viewing experience that you sign up and download the Zoom app, though it is not necessary. All you have to do is to click on the following link after 12PM. It will take a few seconds for Zoom to link you, so be patient. Once you are linked, it will be necessary for you to unmute your microphone and turn on your video if you want others to see you and hear you.

For those unfamiliar with Zoom you can learn more with tutorials at: <https://support.zoom.us/hc/en-us/articles/201362033-Getting-Started-on-Windows-and-Mac> and YouTube tutorials like <https://www.youtube.com/watch?v=hIkCmbvAHQQ>. There are many. Honestly, for the first time you should be able to just click the link and the meeting will open. But you need audio (minimum) and video so you can hear and see all the exciting archeology action.
